Hello,

I have another issue in dark mode. The label box diappear (see picture) 80.

I tried to put Ctrl::SetDarkThemeEnabled(); in GUI_APP_MAIN

```
GUI_APP_MAIN
{ Ctrl::SetDarkThemeEnabled();
...
}
```

With no result. Is there a way to fix it.

Thanks a lot, Luigi

edit: in thelde the LabelBox is barely visible but in my app it is completely disappeared
