Have you tried

```
TabBar::MinTabCount(0);
```

seems to work for me

```
#include <CtrlLib/CtrlLib.h>
#include <TabBar/TabBar.h>
```

```
using namespace Upp;
```

```
struct MyApp : TopWindow {
    FileTabs tabs;
```

```
    MyApp() {
        SetFrame(tabs);
        tabs.MinTabCount(0);
        for(int i = 0; i < 3; i++)
            tabs.AddFile("file.txt");
    }
};
```

```
GUI_APP_MAIN
{
    MyApp().Run();
}
```
