Zbych wrote on Wed, 18 March 2026 09:12It looks like the RSS links are pointing to the old forum.

For example RSS for this topic is [https://www.ultimatepp.org/forums/index.phpindex.php?t=rview&goto=61940&th=12536#msg\\_61940](https://www.ultimatepp.org/forums/index.phpindex.php?t=rview&goto=61940&th=12536#msg_61940)

I have tried to rebuild caches. Does this seem OK or not?
