This would be better, I think:

```
void Calendar::PopUp(Ctrl *owner, Rect &rt)
{
    Close();
    Reset();

    SetRect(rt);
    //Ctrl::PopUp(owner, true, true, IsXPStyle());
    Ctrl::PopUp(owner, true, true, GUI_GlobalStyle() >= GUISTYLE_XP);
    open = true;
}
```
