Hello Wolfgang,
Wolferl2 wrote on Fri, 15 December 2006 10:48
thanks a lot for your comments - this sounds really good.

you are welcome.

Wolferl2 wrote on Fri, 15 December 2006 10:48 I hope I find the time after Christmas to start the project.

And I will post all my questions here - the response time is really great. And of course I will be a good tester for MacOS X!

We hope so, too.

A MacOS tester ... is there a MacOS maintainer already?

Bas
