yeohhs wrote on Thu, 21 December 2006 09:59Hi,

I've added "using namespace Upp;" to the project files in MyUppApp but there were several compile errors. All were C2872.

I'm compiling using MSC8 Optimal build.

To "fix" it, I have made changes to:

1. iml\_source.h

Line 63:

```
#define IMAGE_BEGIN_DATA { static const Upp::byte data[] = {
```

2. topic\_group.h

Line 117:

```
#define COMPRESSED      static const Upp::byte data[] = {
```

The MyUppApp project now builds without any errors and runs okay.

Best Regards,

Yeoh
