Thank you, after search the forums, I found this thread.

http://www.ultimatepp.org/forum/index.php?t=msg&goto=5117&&srch=Visual+C%2B%2B#msg_5117

But the link of this sample VS project zip file is invalid now.

Is there are other threads about this topic?

Thank you very much ^^

And, what need to do to maintain the VS2005 release?

I'd like to see what can I do for you ^_^
