paolo wrote on Fri, 26 January 2007 12:19Solution #1: use AttrText as values of DropList

```
dl.Add("6:30", AttrText("My cell text").SetFont(Courier(20)));
dl.Add("7:00", AttrText("My cell text").SetFont(Courier(18)));
```

As you can see from the image over here DropList doesn't render very well...

Now let's try with the other solution.

DropList& DropList::SetLineCy(int lcy);
