Yep, I've verified that commenting out those last couple of lines fixed the problem, and compiled it back in just to double check...

Here's the patch:

```
--- uppsrc/CtrlCore/X11Proc.cpp 2007-03-06 23:01:46.000000000 -0500
+++ uppsrc/CtrlCore/X11Proc.cpp 2007-03-26 08:47:24.000000000 -0400
@@ -104,8 +104,8 @@
     case FocusOut:
         if(w.xic)
             XUnsetICFocus(w.xic);
-        if(this == focusCtrlWnd)
-            KillFocusWnd();
+//        if(this == focusCtrlWnd)
+//            KillFocusWnd();
         break;
     case KeyPress:
         pressed = true;
```

Thanks Mirek!
