Hi,

- 1) Can I add this control in the ArrayCtrl??
- 2) Typing some character, like: -, +, etc in this control crash the application. The default language is IT-IT.
- 3) After choosing the date, the control allow the keyboard to type a long serie of space, or other chars, displayed as: 04/04/2007////////////////////////////////////.... in the control.

Mauro Bottizzo.
