[View Forum Message](#) <> [Reply to Message](#)

What I would like is a link which would scroll to a selected post from a thread, and not just the top of the thread. This one seems to work:

http://www.arilect.com/upp/forum/index.php?t=msg&goto=657#msg_657

Maybe each post could have a small link button from where I could copy links like this.
