Ctrl now detects and delivers some new mouse events:

Ctrl::

```
virtual void   LeftTriple(Point p, dword keyflags);
virtual void   LeftDrag(Point p, dword keyflags);
virtual void   LeftHold(Point p, dword keyflags);

virtual void   RightTriple(Point p, dword keyflags);
virtual void   RightDrag(Point p, dword keyflags);
virtual void   RightHold(Point p, dword keyflags);
```
