There is a bug in ColumnList::GetDragSample. The correct code is:

```
Image ColumnList::GetDragSample()
{
    Size sz = StdSampleSize();
    ImageDraw iw(sz);
    int y = 0;
    for(int i = 0; i < GetCount() && y < sz.cy; i++)
        if(IsSel(i)) {
            PaintItem(iw, i, RectC(0, y, sz.cx, cy));
            y += cy;
        }
    return Crop(iw, 0, 0, sz.cx, y);
}
```

The original was missing the y increment and the Crop call.
