- click on menubar item, rightdown on popupmenu item to assign a hotkey[combination]
- using custom fonts, possibility font per token
- wiki/CVS-like resource for TheIDE 'help system'

doh. najs pejdz

I hade a TheIDE on mind, but why not

ps: hmm, am I on a right place? maybee section mistaken...
so delete it, I gues I cant,

have a nice night... .. . .
