Subject: Allow 5 file attachments in Menus&Toolbars

Creating a topic in Menus&Toolbars (U++ Library Support) I was a bit confused because I could only attach 1 file but in the other subforums in U++ Library Support (at least the 5 I checked out) you can attach 5 files.
But especially in such support forums I mostly want to attach at least 2 files (package and a screenshot of the problem).
So I was wondering if you just missed this one or if it is intended?

Hello,

As far as I remember it was broken since new forum migration.

Sincerely,
