Hi,

bmYEAR from build_info.h has only two last digits of current year

```
$ (date '+##define bmYEAR  %y%\n#define bmMONTH  %-m%\n#define bmDAY\n%-d%\n#define bmHOUR  %-H%\n#define bmMINUTE  %-M%\n#define bmSECOND  %-S%\n')\n#define bmYEAR  18\n#define bmMONTH  5\n#define bmDAY  21\n#define bmHOUR  20\n#define bmMINUTE  42\n#define bmSECOND  39
```

Can we change it to full 4-digit representation?

%y should be changed to %Y at line 694 and 700 in uppsrc/ide/Builders/Build.cpp.
