Subject: Overhauled Topic++ entry for ColumnList

Hello,

Columnlist entry for Topic++ wasn't looking good, so I tried to "improve" it.
I've also taken the liberty to document some previously undocumented public methods (e.g. Set, Insert).

Please feel free to change/fix it as you see fit.

Best regards,
Oblivion

Thank you, sorry for not spotting this earlier.

New docs are definitely better, now in trunk.
