ScatterDraw

- Legend: Sample series painting is not trimmed if possible
- Zoom handling is improved. Initial major units size and number are maintained if possible. SetMaxMajorUnits is then removed.
- If legends include [], units are not added to titles
- In addition to cbModifFormatX, cbModifFormatXGridUnits is added to handle differently grid units and popup texts or data lists.

ScatterCtrl

- Responsiveness sensitivity is included in properties dialog
- WhenMouseClicked is added
- PopUp measurement arrows legibility is improved (see image)
