How can I change default color of all LabelBoxes' labels?  
I am playing with StylerTest from bazaar and this is the only widget that won't change its color.  
Of course I can use SetLink for every single LabelBox, but I would like to avoid it.

I have reactivated

```
CH_COLOR(LabelBoxTextColor, SColorText());  
CH_COLOR(LabelBoxDisabledTextColor, SColorDisabled());
```
