Subject: Postgresql libpq-fe.h compilation error in windows
Posted by shambhavi on Wed, 13 Mar 2019 11:58:46 GMT

we are trying to use postgresql database for one of program when i compile the same script in
windows am getting error message like libpq-fe.h :No such file or directory, compilation
terminated.

could any one suggest on how to add library files for postgresql in windows.

Regards,
