Hello,

I am trying to build my projects on MacOS, under theide. Through my mistake I done a terrible issue.

I have erased a row of CLANG and now I cant have it or a rebuild it.

I done the mistake under an android builder configuration, mine android sdk template is working.

I need some help for it. Anyone can help me please?

Thank you os much.

Kind Regards,
Pedro

Put attached bm-files into ~/.upp/theide

Hope this helps.
