Hi Novo-

They say after 4 release, 2.5x is dead. Any plans on a 3.0 bazaar firebird?
I am studying all of Helen borrie's books. I am also kind of fooling around with freepascal, so I can play with firebird. I hope you and your friends use Bazaar firebird and have plans for newer version. Thanks
Robo-loki

Hi Novo-

Thanks!

I might check out windows
Compiler so I can use FB
In windows with U++.

Have cool weekend

Hello Novo! Schemas in files *.sch supported completely? Returns a schema dialect error.
I will provide detailed information later...
