Inspired by

<https://github.com/miloyip/itoa-benchmark/blob/940542a7770155ee3e9f2777ebc178dc899b43e0/src/branchlut.cpp>

I have implemented super-fast conversion routines:

<https://github.com/ultimatepp/ultimatepp/blob/1d018151f105fe739045307577e3dd0bc8b856a/uppsrc/Core/Format.cpp#L75>

AsString(int) should now be about 8 times faster than before.

Mirek
