In upp-posix-16135 , there are some missing packages , scatterctrl is also one of missing package . In the auto downloaded scatterctrl package there is an error

 error: 'class Upp::FileSel' has no member named 'NoExeIcons'; did you mean 'FixIcons'?

please help me how to solve this issue.

Dear santhosh

I have reviewed the last upload and I cannot see any problem. In Linux, NoExeIcons() does nothing.
In addition, I have recompiled the package and it is compiled and run without issues.
Please update your U++ sources and try it again.
