In upp-posix-16135, there are some missing packages, scatterctrl is also one of missing package. In the auto downloaded scatterctrl package there is an error

error: 'class Upp::FileSel' has no member named 'NoExelcons'; did you mean 'FixIcons'?

please help me how to solve this issue.

Dear santhosh

I have reviewed the last upload and I cannot see any problem. In Linux, NoExelcons() does nothing.

In addition, I have recompiled the package and it is compiled and run without issues. Please update your U++ sources and try it again.
