uppsrc\SqlCtrl\SqlConsole.cpp does not compile.
Lines 533-535 and 551-553 need to be commented out or rewritten as DocReport is depreciated.

Studying the error messages one might think that Upp 607-dev2 had an image problem ...

Here are the errors and warnings while compiling by g++ (MINGW Optimal):

C:/upp/uppsrc/Draw/Cham.h:130:85: warning: no newline at end of file
...

C:/upp/uppsrc/CtrlLib/TabCtrl.h:59: error: declaration of `TabCtrl::Item&
TabCtrl::Item::Image(const Image&)'
C:/upp/uppsrc/Draw/Image.h:97: error: changes meaning of `Image' from `class Image'

Already fixed; as that method is deprecated anyway, the easy fix is to comment it out...

Mirek
