Subject: Webhosting test...
Posted by mirek on Wed, 01 Nov 2006 07:16:20 GMT

I have decided to recycle the old ntllib server hosting for U++ website.

To test bandwidth and reliability, I mirrored U++ website there. I welcome everybody to test

www.ntllib.org

for response.... (you can e.g. compare with current upp.sf.net page hosted on sourceforge).
