I have problem with compilation of brc\ship sample.

C:\devel\upp\reference\brc\ship\ship.cpp: In function 'void ConsoleMainFn_()':
C:\devel\upp\reference\brc\ship\ship.cpp:11: error: no matching function for call to 'BZ2Decompress(Upp::MemReadStream)'
C:/devel/upp/uppsrc/plugin/bz2/bz2.h:7: note: candidates are: Upp::String Upp::BZ2Decompress(Upp::String, Upp::Gate2<int, int>)
C:/devel/upp/uppsrc/plugin/bz2/bz2.h:8: note: Upp::String Upp::BZ2Decompress(Upp::Stream&, Upp::Gate2<int, int>)
C:/devel/upp/uppsrc/plugin/bz2/bz2.h:10: note: void Upp::BZ2Decompress(Upp::Stream&, Upp::Stream&, Upp::Gate2<int, int>)
brc\ship: 1 file(s) built in (0:01.25), 1250 msecs / file, duration = 1266 msecs, parallelization 0%

PS: I must say, that U++ is piece of excellent work

You might also want to read the end of this thread regarding BRC-s:

http://www.ultimatepp.org/forum/index.php?t=msg&th=1641& amp; amp;start=0&

I don't know if the issues explained there are fixed yet or not.
