Hi,

Could you please add crosshair and hand cursors as available on the host platforms? The code needed is very short and clear:

Image/Image.h - Add:

```
static Image Cross();
static Image Hand();
```

Image/ImageWin32.cpp - Add:

```
Image Image::Cross() WCURSOR_(IDC_CROSS)
Image Image::Hand() WCURSOR_(IDC_HAND)
```

Image/ImageX11.cpp - Add:

```
Image Image::Cross() FCURSOR_(XC_crosshair)
Image Image::Hand() FCURSOR_(XC_hand1)
```

Kind regards,

Tom
