Hello!
Sorry for my bad English.

Ultimate++ is great tool!

I can't find way to use fast navigating in main menu.
In other tools, like Delphi and VB, in name of menu item i can use
the '&' char for fast jumping i.e. "E&xit" "&About".
In Upp this method is not works.

bar.Add("E&xit", THISBACK(Exit)).Help("Exit application");

That can i do for able this function?

Dmitry.
