Subject: HeaderCtrl background as an image
Posted by Engeor on Fri, 21 Mar 2008 09:53:56 GMT

I need achieve this:

Is it possible and how?

It is probably clear where the problem lies. Just to be sure: I know how to set an image as a column background but I don't know how to make this image to be painted within whole area (without any margins).

Is it possible and how?

Using Chameleon

Start looking at HeaderCtrl::SetStyle.
