Hi,

is it possible to increase the spacing between radio buttons in a Switch control?

Thank you
Regards,
Enrico

Is it impossible?

Thanks
Enrico

Not at the moment.

Maybe you can use Option modified by SwitchImage method to get what you want.

I attach a patch for the main library, to add SetMinSpacing/GetMinSpacing to the Switch control, to allow setting the minimum spacing between radio buttons.

I hope it can be helpful.

Thank you
Regards
Enrico

Well, thanks. I am not 100% sure this is what we really need, but whatever

Putting it to uppsrc. Only renamed to

Switch& Switch::MinCaseHeight(int cy)

Mirek
