What is "wiget"?
See the name of this forum section "U++ Wigets - Draw/CtrlCore/CtrlLib/RichText/RichEdit"

See the name of this forum section "U++ Wigets - Draw/CtrlCore/CtrlLib/RichText/RichEdit"

what is "control"?  or what is "window"? ...

"user controllable elements on screen"
"widget"="window+gadget"...?

  was it wiget?
Ok, thanks for noticing!
