Changes since rc1:

DropGrid can now display clear button  
added MultiButton::SetLabel(), DropGrid::AddText, DropGrid::AddClear  
added MulitButton::RemoveButton(int)  
Some Sql additions. More here <http://www.ultimatepp.org/forum/index.php?t=msg&th=3575&start=0>  
fixed DrawArc bug (mdelfede)  
fixed big font issue in gnome (cbpporter)  
fixed most Win64 warnings  
ide: added underlining of recently modified files  
ide: added export project

Did you "freeze" it on svn ? if not... To which svn build is rc2 identical ? I'd like to make the exact same stuff for linux.

Ciao

Max
