Is there a way to add new items in the Lineedit PopupMenu without modifying LineEdit code himself ?

Thanks for your help
cocob

In Constructor:

```
lineedit.WhenBar = THISBACK(OnLineEditBar);
```

Member function for callback:

```
void AWindow::OnLineEditBar(Bar &bar)
{
    // If we want to keep default menu
    lineedit.StdBar(bar);
    // Add new menus
    bar.Add("New menu option", THISBACK(OnNewMenu));
}
```
