Subject: EXIF data access
Posted by koldo on Tue, 28 Oct 2008 13:52:19 GMT

Hello all

Do you have any experience in accesing EXIF data?

I would like to get this information, specially for taking picture thumbnails.

I have seen libexif but surfing through the upp code I see some functions accesing EXIF but I do not know how to handle them.

Best regards
Koldo
