Hello,

Using the 605 release from SVN I found that the DropList is not displaying the contents when selected. The problem can be seen the in the tutorial Draw03. I have tried a simple DropList with plain text and that does not work either. I am using MSC9 on Win XP.

Thanks,

Dave

Sorry about that, short-lived bug while adding new functionality (DropWidth). Lived only for 2 hours

Mirek

P.S.: Please do not post bugs into *confirmed* bugs forum.

Mirek,

Sorry about posting on the wrong forum. The Droplist does work now (SVN 610) I just have to update my system at work tomorrow.

Dave
