When I tried to compile HomeBudget example (on windows with mingw) in svn 634:

Quote:HomeBudget.cpp
C:\upp_svn\examples\HomeBudget\HomeBudget.cpp: In member function 'void
HomeBudget::Setup()':
C:\upp_svn\examples\HomeBudget\HomeBudget.cpp:167: error: 'class Upp::DropGrid' has no
member named 'AlwaysDrop'

Sorry for that. DropGrid changed a bit. I will update homebudget today.
