Hello All

This is An application to help students in finding lectures and sections in my collage

try downloading this for second year [my year]

<http://studyzone.googlecode.com/files/SZ2.rar>

and here is the project page

<http://code.google.com/p/studyzone/>

Hello Tecnoyotta

Thank you for sharing your project.

One question: What do you do to get the first column from the left?.

You have done check boxes in the cells and in the header itself!

Best regards

Koldo

One question: What do you do to get the first column from the left?.

You have done check boxes in the cells and in the header itself!

Best regards  
Koldo

thank you

There is no check box in the header it's a separated check box that is putted on the header and have higher layer

and to get check boxes in the first column

```
g_FilesList.AddColumn("",3).Ctrls<Option>();
```
