not do it) but all the rest is OK.

NB: I Edited it with U++ under linux, and there seems to be some problems with the "e"+"'" (letters with accents   )

What is the right way to deal with this "accents" issue ??

Just a little error

"All pages\nCurrent page\nPages from",
 "outes les pages\nPage courante\nA partir de";

should be

"All pages\nCurrent page\nPages from",
 "Toutes les pages\nPage courante\nA partir de";

Thanks.

As for accent problem, it should work the same as in all Linux apps. It does for CS-CZ.

If it does not for FR-FR, please provide more details...
