Hi,

Widget tips seem to be unusually persistent on linux, they don't disappear even when application loses its focus:

## File Attachments

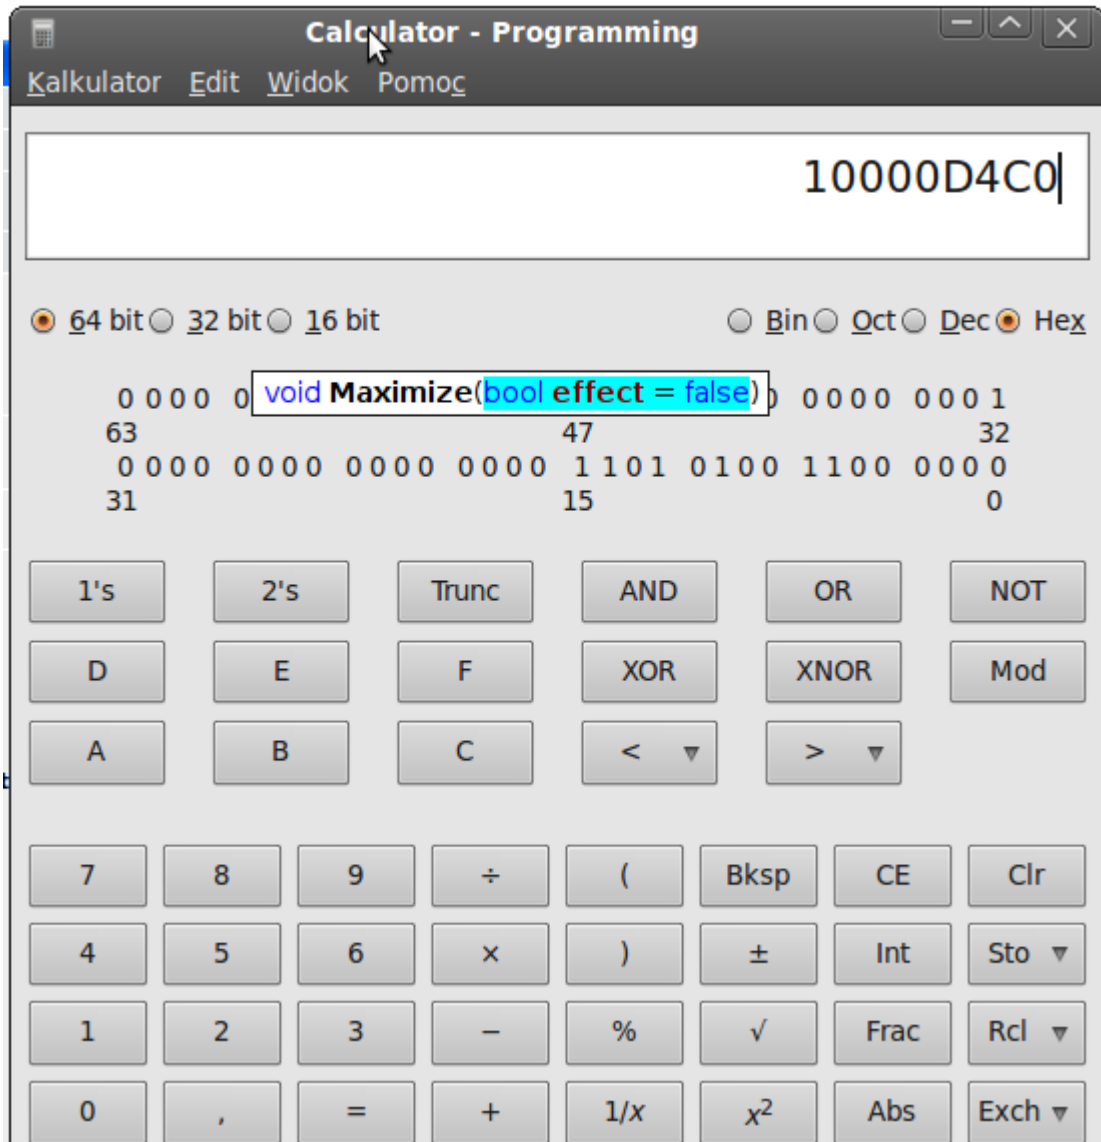

---

1) [zrzut\\_ekranu.png](#), downloaded 603 times

```
14     aqq1.SetData(a);
15     aqq2.SetData(b);
16 }
17
18 FirstScreen::FirstScreen()
19 {
20     CtrlLayout(*this, "window title");
21     void Maximize(bool effect = false);
22     Maximize();
23 }
24
25
26
27 GUI APP MAIN
```

Hopefully fixed. Please check.

Unfortunately, there is no "central" tip class, so it was three different fixes... and it is possible I forgot some other tips in the process.

Mirek
