```
class app : public TopWindow {
public:
    typedef app CLASSNAME;
    app();

    Option opt;
};

app::app()
{
    // Add(opt.VSizePos(10, 10).HSizePos(10, 10));
    Add(opt.LeftPos(10).TopPos(10));
}

GUI_APP_MAIN
{
    app().Run();
}
```
