A lot of files... but just little work for translation.

ss$de-de
documentation$de-de
idess$de-de
chss$de-de

seems that the zip archive is to big for the upload here...

Thank you Wolfgang

I have chosen the svn version.

Thank you!!

Yes, please!
I prefer the svn by now, too..

added index$de-de as a little bit corrected version (mainly hyperlinks from en-us to de-de)
