Subject: GridCtrl Clipboard just for copying

Hello Daniel

Now when in GridCtrl Clipboard() is set, it is permitted to copy from and paste to the control. This affects to the menu that lets to do Cut, Copy and Paste.

Could it be possible to add an option to let only to copy from the GridCtrl but not to let to Paste to or Cut rows of the GridCtrl?

Could it be possible to add an option to let only to copy from the GridCtrl but not to let to Paste to or Cut rows of the GridCtrl?
Added:

GridCtrl& ClipboardCopy(bool b = true);
GridCtrl& ClipboardCut(bool b = true);
GridCtrl& ClipboardPaste(bool b = true);
