Hi guys,
how can i add a ProgressIndicator to a SQL query ?!

for example, in a query like this one

```
VectorMap<String, Vector<double> > m;

    m.Add("a") <<0<<0<<0<<0<<0;
    m.Add("b") <<1<<1<<1<<1<<1;
    m.Add("c") <<2<<2<<2<<2<<2;
    m.Add("d") <<3<<3<<3<<3<<3;
    m.Add("e") <<4<<4<<4<<4<<4;
    m.Add("f") <<5<<5<<5<<5<<5;
    m.Add("g") <<6<<6<<6<<6<<6;

 for(int i=0; i < m.GetCount(); i++)
 {
  Vector<double> const &v =m[i];
  try
  {
  SQL & Insert(PIPPO) (DT,   m.GetKey(i))
       (CATa,  v[0])
       (CATb,   v[1])
       (CATc,  v[2])
       (CATd,  v[3])
       (CATe,  v[4])

       ;
  }
  catch(SqlExc &e)
  {
   Exclamation("[* " + DeQtfLf(e) + "]");
  }
 }
 PromptOK(t_("Default values restored"));
```

how can i add a

...
Progress p;
p.SetText(t_("Creating database"));
...

???

Regards,
Matteo

SOLVED

```
VectorMap<String, Vector<double> > m;

   m.Add("a") <<0<<0<<0<<0<<0;
   m.Add("b") <<1<<1<<1<<1<<1;
   m.Add("c") <<2<<2<<2<<2<<2;
   m.Add("d") <<3<<3<<3<<3<<3;
   m.Add("e") <<4<<4<<4<<4<<4;
   m.Add("f") <<5<<5<<5<<5<<5;
   m.Add("g") <<6<<6<<6<<6<<6;

   Progress p;
   p.Set(0,m.GetCount());
   p.SetText(t_("Creating database"));

for(int i=0; i < m.GetCount(); i++)
{
 Vector<double> const &v =m[i];
 try
 {
 SQL & Insert(PIPPO) (DT,   m.GetKey(i))
      (CATa,  v[0])
      (CATb,   v[1])
      (CATc,  v[2])
      (CATd,  v[3])
      (CATe,  v[4])

      ;
 }
 catch(SqlExc &e)
 {
  Exclamation("[* " + DeQtfLf(e) + "]");
 }
      p.SetPos(i);
```

```
}
PromptOK(t_("Default values restored"));
```

Regards,
Matteo
