Hi

I want to use custom theme for my application. When I toggled the windows 'Autohide Taskbar' the applied theme got reset to default.

I followed this example
http://www.ultimatepp.org/forum/index.php?t=msg&goto=282 69&&srch=skulpture#msg_28269

Applied to examples/UWord

Quote:GUI_APP_MAIN
{
 Theme m;
 m.Load("c:\\upp\\bazaar\\Themes\\Skulpture.zip").Apply();
 m.Load("c:\\upp\\bazaar\\Themes\\BlueBar").Apply();

 SetLanguage(LNG_ENGLISH);
 SetDefaultCharset(CHARSET_UTF8);
.....

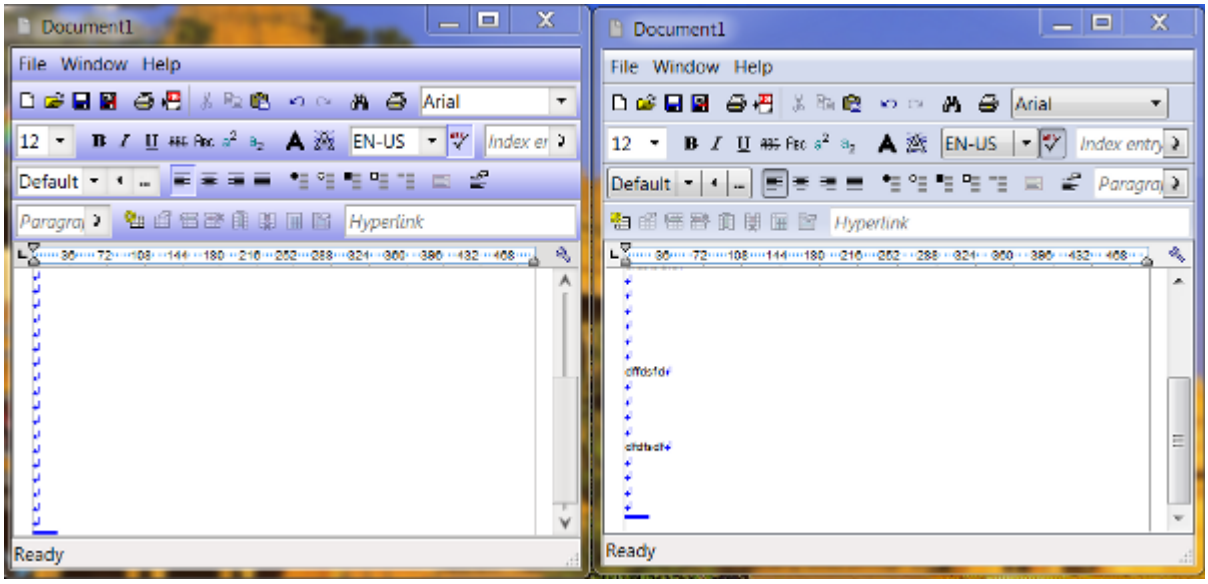

How to retain the theme ?

Left image after execute. Right imgae after 'Toggle Autohide'

Using win7-64 bit / upp-5800 / msc10
