Hi

I am trying to execute this code:

```
#include <Oleacc.h>
...
void test::OnTestClick()
{
    POINT ptScreen;
    ptScreen.x=10;
    ptScreen.y=10;
    IAccessible *ppacc;
    VARIANT pvarChild;

    AccessibleObjectFromPoint(ptScreen,&ppacc, &pvarChild);
}
```

But there is a link error:

C:/upp/MyApps/test/main.cpp:23: undefined reference to `AccessibleObjectFromPoint@16'

How to fix this?

Kim

Opsss...

It is not unicode. It is lacking of corresponding lib.

Done

Kim
