Hi all,

in the file ArrayCtrl$en-us.tpp, i.e. the assist page for ArrayCtrl, I found a mention of a derived widget with name ArrayPair.
This widget is not included in the UPP distribution. Where can I find it?

Regards
Manfred

I haven't heard of this control, but searching U++ sources led me to uppsrc/TCtrlLib package which is labelled as "experimental or obsolete GUI code". So you may try it but there's no guarantee it works with your particular U++ revision.
