Incremental linking flags gives a warning on visual studio 2013.

While HasFlag("MSC12X64") was present HasFlag("MSC12") was not. This patch corrects this.

In File:
uppsrc/ide/Builders/MscBuilder.icpp

Change all:
```
bool isgemsc10 = HasFlag("MSC10") || HasFlag("MSC10X64") || HasFlag("MSC11")
   || HasFlag("MSC11X64") || HasFlag("MSC12X64");
```

to
```
bool isgemsc10 = HasFlag("MSC10") || HasFlag("MSC10X64") ||
   HasFlag("MSC11") || HasFlag("MSC11X64") ||
   HasFlag("MSC12") || HasFlag("MSC12X64");
```
