Please fix http://ultimatepp.org/redmine/issues/1598 too.

It is one line of code and I reported it on the forum like 6 months ago.

Hi,

Just downloaded nightly (10752) and noticed that on first start on Windows, it shows the license agreement panel with copyright up to 2016. I guess it's time to pump it up to 2017.

Best regards,

Tom
